

eCoffeeCard

Price: Free. **Available on:** Android and iPhone. So many cafés across Australia are jumping on the eCoffeeCard train – and for good reason! You simply scan the QR code presented at participating cafés every time you buy a coffee to collect cups towards your free one. It's loyalty cards made convenient.

Shopping Rewards – Perkler

Price: Free. **Available on:** Android and iPhone. This is the app you need to maximise your bonuses from the loyalty programs you're part of while you shop. We're talking discounts, special offers, and even earning points towards big-ticket items like hair straighteners or hair dryers! Awesome.

Cheap Parking

Price: Free. **Available on:** Android and iPhone. Carpooling with the only friend who has her licence and agreeing to split the cost of parking is an awesome idea... until you get to the city

and become so overwhelmed with parking stations that you have no idea which one to choose. This app will let you know which is the cheapest near you.

All The Deals

Price: Free. **Available on:** Android and iPhone. As much as we all love a great deal, receiving emails from Every. Single. Deal. Site can get a tad annoying. All The Deals contains all the, er, deals in one handy app. You'll be kicking yourself for not knowing about it earlier.

Google Maps

Price: Built-in on most phones. Only fools get stuck with ATM fees – and you're certainly not one of those! Next time you need to get cash out, search for your bank's ATM in Google Maps (for example, type Westpac ATM, St George ATM or NAB ATM). If there are none around you, search for your nearest Woolworths store; there, you can take cash out at the service desk.

Available on: Android and iPhone.

Wattpad is a top app for all you bookworms or budding writers out there. It contains a huge literary archive of books you can read for free, and it allows you to publish your own work there too! Bonus: You can connect directly with readers and writers across the world.

Lasoo

Price: Free. **Available on:** Android and iPhone. Want to nab something at its cheapest price? Lasoo lets you search loads of catalogues (we're talking Myer, JB Hi-Fi, Priceline and Pepto, to name a few), or search for the item to see what sales are on in your area.

Smart Saver Deals

Price: Free. **Available on:** Android and iPhone. This is your go-to app for the latest deals on dining, entertainment, health, beauty and more in your area.

Smart phones save you cash.

Wattpad
